Ingredients

1 - 7oz package of **Tate’s Bake Shop chocolate chip cookies**

14 oz of your favorite **chocolate** - milk, dark or white cut into small pieces

1/2 cup **crushed peppermint candies or candy canes**

Directions

Break cookies into large pieces and place in a large bowl.

Gently melt chocolate without overheating.

Pour chocolate over broken cookies, mixing well to coat all pieces.

Spread chocolate covered cookies in a single layer over a parchment paper lined 13” x 18” sheet pan.

Sprinkle with crushed peppermint and set aside until chocolate is firm. (Refrigerate to speed the process).

Cut into 4” wide strips, then break into pieces by hand - uneven pieces are fine!

Place bark in clear bags and seal with festive ribbon.
